Piss it away

What I feel it is real

what I do it's the truth

when I drink I can't think

when I use I need more

when you're weak I can't speak

close your eyes and taste this wine

the cork removed less purified

I throw away everything that you say

erase everything that you fake

what I feel it's a sin

tell the truth do not lie

make a wish will it come true

one way streets one track mind

open up and see the light

one million ways to hypnotize

I throw away everything that you say

erase everything that you fake

erase everything that you fake

piss it piss it all away x 7

piss it piss it
