it is now christmas
we're gonna have fun
santa is coming gifts for everyone

i open my present
what do i see
the present i wished for
waiting for me

it is now christmas
we're gonna have fun
santa is coming
gifts for everyone

tinsel is hanging
stars upon the walls
the angel is standing
careful it might fall

it is now christmas
we're gonna have fun
santa is coming
gifts for everyone

the snow is falling
fast upon the floor
reindeers will help him
to help the sleigh move

it is now christmas
we're gonna have fun
santa is coming
gifts for everyone

MERRY CHRISTMAS EVERYONE
