Everything so blurry  
Everyone's so fake  
And everybody's empty  
And everything is so messed up  
Pre-occupied without you  
I cannot live at all  
My whole world surrounds you  
I stumble and I crawl

You could be my someone  
You could be my scene  
You know that I'll protect you from all of the obscene  
I wonder what you're doing  
Imagine where you are  
There's oceans in between us but that's not very far

[Chorus]:  
Can you take it all away  
Can you take it all away  
When you shoved it in my face  
This pain you gave to me  
Can you take it all away  
Can you take it all away  
When you shoved it in my face

Everyone is changing  
There's no one left that's real  
So make up your own ending  
And let me know just how you feel  
'Cause I am lost without you  
I cannot live at all

My whole world surrounds you  
I stumble and I crawl

You could be my someone  
You could be my scene  
Know that I will save you from all of the unclean  
I wonder what you're doing  
I wonder where you are  
There's oceans in between us but that's not very far

[Chorus]

This pain you gave to me

Nobody told me what to find  
Nobody told me what to say  
No one showed you where to turn  
Told you where to run away  
Nobody told you where to hide  
Nobody told you what to say  
No one showed you where to turn  
Showed you where to run away

Can you take it all away  
Can you take it all away  
When you shoved it in my face  
Explain again to me  
Can you take it all away  
Can you take it all away  
When you shoved it in my face  
Explain again to me  
Explain again to me
