I 've got a fire engine and see cloud-free skies.
How come this bleeding asphalt never dries.
I've got two ton thunder rippin' holes in the state.
The land speed record is by biggest bait.

Outlaw screamer, outlaw screamer, provides me with
the juice.

This nitro burning demon puts up with strong abuse.
Outlaw screamer, outlaw screamer, this bad boy
stands the test.

With my outlaw screamer I'm ahead of all the rest.

I've got a powerstripper with a deadlock grip.
I'm spitting fireballs through this shutdown trip.
They say I'm out of my mind on nitro fumes.
So I guess I run a go-kart roaring loony tunes.

Outlaw screamer, outlaw screamer, provides me with
the juice.

This nitro burning demon puts up with strong abuse.
Outlaw screamer, outlaw screamer, this bad boy
stands the test.

With my outlaw screamer I'm ahead of all the rest.

I've got the righteous setup and the sun in my face.
Slamming in the gears in a full speed daze.
Sweat pours, my mouth spills foam.
Full blast onward, never going home.

Outlaw screamer, outlaw screamer, provides me with
the juice.

This nitro burning demon puts up with strong abuse.
Outlaw screamer, outlaw screamer, this bad boy
stands the test.

With my outlaw screamer I'm ahead of all the rest.
