"Drink That Beer"

She spots me across a crowded bar and begs:
"Hey you! Where you going now?
I think it's time for bed."
We drink more beer, have a vodka shot and she says:
"I
Could really see myself lying naked on your legs."

But.

How come you always say those things when you're
drunk?
I know that you won't like me when tomorrow comes.

It's over, you're sober. I never thought it would end
That way.
Drink that beer to keep you here.

Now we're making out in her house and we're pissed.
How could I ever give up on an opportunity like this?
I'm sitting on her bed staring at her thighs.
She sips her drink softly and says:
"Sit back... enjoy the ride."

But.

How come you always say those things when you're
drunk?
I know that you won't like me when tomorrow comes.

It's over, you're sober. I never thought it would end
That way.
Drink that beer to keep you here.

Bed."

Drink that beer to keep you here.

Now that it's over.
