(Bud-a-bup-pa-ba)(4x)

Who would've thought that I'd find a boy like you
But when I saw you there I knew, yes I knew

That we'd never be torn apart from the start
We'd make our first dance last forever (Bud-a-bup-pa-
ba)(4x)

You're too young that I'd like though you're good
And then I shows all them my shoe, Oh so true

So lost in your eyes I can't wait for our first date
When we make our first dance last forever

Please don't break my heart before we start this love
afair
It would make my teary eyes shrunk dry(oh what a guy)

(instrumental solo)Ya!

We'll never be torn apart when we're sweethearts
Making our first dance last forever, forever
Bud-a-bup-pa-ba
