Go baby power now, now

Back off me baby 'cause you're dragging me down
Everybody knows that cheatin' ain't allowed
Seems to me, you got a nervous twitch
Don't you know better, honey, which is which
Get your go baby power now

You're acting a little stupid and you're looking so small
Crying at the window, baby, climbing up the wall
I am rubber and you are glue
All these evil tricks, they gonna stick on you
Get your go baby power now

Let me go, let me go, let me go, let me go
Let me go, pretty baby, 'cause I'm full grown
Let me go, let me go, let me do what I say
I got to live my own life, got to do my own way

Yeah, that's right, go power
I need go power, go power, now, now, now
I need power, go power, I said now, right now

Don't get what I say
Get down

I waited and I waited
And all you've said is no
Better quit your crying, Shakespeare
'Cause now I got to go

I want go power, go power, now, now, now
I need power, go power, right now, right now

I'm leaving this town, going to the big city
Oh honey, you ain't seen how good I can pretty
Something better, that's what it's like
Now you know me better, never mess with my stuff

Got my go baby power now, now
Yeah, go power
I'm gonna take off like a rocket

See you later, now
