I was his
From the moment we first met
From a solo to duet it took no time
Call it fate
Or just two hearts magnitized
But I never felt so high
Since he's been mine.

We've got a love so pure
Yes a love so sure
The kind of love you hold so tight
We've got a love so pure
Yes a love so sure
The kind of love that lasts a girl for life

With a kiss
I can't resist or turn away
All i want is him to stay it's paradise
Without a word
Nothing hurts we say so much
With a look or silent touch
I know we'll be alright

We've got a love so pure
Yes a love so sure
The kind of love you hold so tight
We've got a love so pure
Yes a love so sure
The kind of love that lasts a girl for life

We've got a love so pure (love so pure)
Yes a love so sure (love so pure)
The kind of love you hold so tight (love so pure)
We've got a love so pure (love so pure)
Yes a love so sure (love so pure)
The kind that lasts a girl for life (love so pure)
We've got a love so pure (love so pure)
Yes a love so sure (love so pure)
The kind of love you hold so tight (love so pure)
For life

(Repeat till Fade:)

Love so pure (3x)
For life
