Tokyo, I'm on My Way!
In my brand new auto, it's not so far away

Tokyo, I'm on My Way!
I'm going to be in love!

Tokyo, I'm on My Way!
In my brand new auto, it's not so far away

Tokyo, I'm on My Way!
I'm going to be in love!

We're racing down the highway,
That's always on our mind

We're thinking about tomorrow,
And going back in time

Our final destination is really so sublime,
It's home!

Our hands are out the window,
The miles are counting down

Just waiting for the moment,
When we get back in town

We'll meet up with our friends and we'll turn it upside
down,
It's home!

Tokyo, I'm on My Way!
In my brand new auto, it's not so far away

Tokyo, I'm on My Way!
I'm going to be in love!

Tokyo, I'm on My Way!
In my brand new auto, it's not so far away

Tokyo, I'm on My Way!
I'm going to be in love!

We kick it with our friends,
And we scare our enemies

We're laughing at the world,
Just like Thelma and Louise

The ones that cross our paths,
Well we'll bring them to their knees Yeah so

No more sorrow now it's on for me and you

We're together know,
We'll always make it through

All our cares are gone when we get back again,
Oh Yeah

Tokyo, I'm on My Way!
In my brand new auto, it's not so far away

Tokyo, I'm on My Way!
I'm going to be in love!

Tokyo, I'm on My Way!
In my brand new auto, it's not so far away

Tokyo, I'm on My Way!
I'm going to be in love!

Tokyo, I'm on My Way!
In my brand new auto, it's not so far away

Tokyo, I'm on My Way!
I'm going to be in love!

I'm going to be in love!
