It's been two days and I'm missin' you already
Never really thought you could mean
So much in such a little time

Think about the nights when I'm lyin' in your bed
With my chest resting your head
Now that you're gone I'm here to stay

Chorus

I think I'm fallin' down. Down down down
With a bad case of love. Love love love
I think I'm falling for you. You you you
I think, I'm falling in love

Verse 2

When you come back all I wanna do is hold you
Have a blast even though there's nothing to do
Hold you close and look you in the eyes

So just come back and I'll tell you how I feel
Never knew how easy you could steal
My heart I miss you come home soon

(Chorus)

I think, I'm fallin' in love
I think, I'm fallin' in love

Bridge:

Cause I know that you won't be home when I call you
You're in England now, I hope that you'll be home soon
Cause I know that you won't be there when I call you,
NOW

(Chorus)

I think, I'm fallin' in love
(slow) I think, I'm fallin' in love
