"You"

Watching X-files ain't the same anymore.
Remember our holiday in Perth? Sleeping on the floor?
You get too drunk, and I carry you home.
You tell the world that you're okay, but really you're
alone.

These are the things that make me wanna be with you.
And one thing you should know.

I'm stuck on you,
We caught the sunrise on our first date.
And I'm missing you,
We'd stay up talking till late.
We'd talk until you fell asleep and I'd hear you grind
your teeth.
I'm stuck on you.

Shopping with you is never a bore.
I'd save up all my cash to spend on things that you
adore.
Watching sunsets ain't the same anymore.
Remember curling up in bed? Doing things behind
closed doors?

These are the things that make me wanna be with you.
"Iris" is on repeat, and the bed's kinda missing you
too...
And I want you to know.

I'm stuck on you,
We caught the sunrise on our first date.
And I'm missing you,
We'd stay up talking till late.
We'd talk until you fell asleep and I'd hear you grind
your teeth.
I'm stuck on you.

And when you're feeling all alone, you feel neglected.
You call me up over the phone and feel protected.
And when you're feeling all alone, you feel neglected.
You call me up when you're alone.

I'm stuck on you,
We caught the sunrise on our first date.
And I'm missing you,
We'd stay up talking till late.
We'd talk until you fell asleep and I'd hear you grind
your teeth.
I'm stuck on you.
