Fus one fi mi Muma but mi Pupa last son
Like some fruits in due season a so Jr. Gong come
And mi deh 'round dis ya music from mi small and mi

Mi use to play Familyman bass, knock Carly's drum
And any question you can ask I man can answer mi son

Well, Jr. Gong is coming up and doing well excellent
Treat the people right you stand out predominant
Loving don't cost not a farthing neither a cent
But should you spend the money that a money well

Anyway, bigging up Jah Jah, blowing breath like a vent
Listen to the girls dem with angelic talent
Chant Nyahbinghi, burning up the serpent

Please we teach the youths them loving not violence
And from you naw say loving we beg you keep silent
I say loving, loving not violence
And from you naw say loving me beg you keep, Lord

I said, look who is driving Ms. Daisy
The whole world is getting so hazy
The people they are getting so crazy
The wonders they don't seem to amaze me
