Terrified Eugene
Stutters when he speaks
Crushed under the weight
Of other pupil's hate

Was he out of class
When the boys go past
Oh bullying Eugene
And I'll be passed and seen

No you can't keep him down, he's a Science major
Got a whole set of books for each new occasion
No you can't keep Eugene down

Eugene centre stage
Grows like him through age
Wheres the bit to go
(?)

No you can't keep him down, he's a Science major
Got a whole set of books for each new occasion
No you can't keep Eugene down

So don't say no
Say I am waiting
Don't say no
Say I am waiting
I know you're ready for it

No you can't keep him down, he's a Science major
Got a whole set of books for each new occasion

No you can't keep Eugene
Don't say no
Say I am waiting
I know you're ready for it
