Don't be mad you lost today
It was no surprise to me
I have orchestrated this
Since the last time i was beat
Join the growing hoards of those
I have pushed and overthrown

No i dont hear your complaints
Rushing by me in the stream
Was this something big for you?
Cos winnings everything to me
When you're pulling out your hair
There's a white flag in the air

In the air
In the air
In the air

Please assume fetal positions
Keeping arms and legs together
As I trample on the best years of our lives
Please assume fetal positions
Keeping arms and legs together
As I trample on the best years of our lives

So why the fuck are you still here?
Are you even listening?
And can't you understand that i'm
In the same position?
If I had your attitude
It'd be me getting screwed

Getting screwed
Getting screwed
Getting screwed

Please assume fetal positions
Keeping arms and legs together
As I trample on the best years of our lives
Please assume fetal positions
Keeping arms and legs together

As I trample on the best years of our lives
