"Ciao!"

Written by Miki Berenyi. Performed by Lush with Jarvis
Cocker on guest vocals.

Together:
I've been so happy since I walked away
I never thought that I could
Feel as great as I do today
Cos you were nothing but a big mistake
And life is wonderful, now that I'm rid of you

Jarvis:
Oh I must've been crazy to have stayed with you
I can't believe I thought I was in love with you
But now the scales have fallen I can really see
And I say go to hell, cos that's where you took me

Miki:
Well, I've felt better since I slammed that door
You always cramped my style, I never noticed before
It's been a non-stop party since I flew the coop
I can't believe I fell for such a loser like you

Jarvis:
And is it any wonder that I felt so blue
When I was always having to put up with you

Miki:
Oh, here we go again, just lay the blame on me
Don't say another word, cos sweetheart, you're history

Jarvis:
I bet you're alone every minute
And you're sitting in the kitchen
Eating meager meals with the curtains closed.
Come on
???
I don't give a damn, anyway.

Miki:
I know that you miss me really, bet you wish that you
still had me

You'll never find someone like me but I've got no
regrets at all

Jarvis:
Cos I've met this girl and she's so good to me
She's really beautiful, fantastic company
Oh, when I'm with her I realise what love can be
Cos she's fifty times the person you will ever be

Miki:
Good luck, mister, do you think I care?
Since you've been gone the offers have been
everywhere
I've got a million guys just lining up for me
I've turned a corner, boy, my life is ecstasy

Together:
Well, I've been in heaven since I walked away
I never thought that I could feel as great as I do today
Cos you were nothing but a waste of space
And life is wonderful, now that I'm over you
