I thought so long and suddenly I realised / I love love / I
thought so long and suddenly i
Realised / I love love / am I loving the girl / or the
feeling I feel? / is it just the
Idea that I like / or is it for real? / I recall a special
friend, I invited her home for
Tea / and while my mother cooked a meal she was
under the table with me / I thought so
Long and suddenly I realised / I love love / I thought so
long and suddenly I realised / i
Love love / these ideas that I have / remain fixed in my
head / only the characters change
/ it's someone else there instead / one day we went
down to the park to feed the ducks
Some bread / foul fowls wouldn't touch a scrap so we
jumped in the duckpond instead / i
Thought so long and suddenly I realised / I love love / I
thought so long and suddenly i
Realised / I love love / lalalalala...
