Susan's babysitter / is seventeen years old / oh she
looks like susan / when she still
Lived at home / she's a lovely girl / she's got long black
hair / if you go home now / she
Might still be there / susan's babysitter / is twenty-one
years old / she still looks like
Susan / when susan was not at home / she's a lovely
girl / she's got long blonde hair / if
You go home now / she will not be there / 'cos she left
last june / she came home too soon
/ you were both upstairs / in your daughter's room /
she's a lovely girl.
