When I was with this girl last night / she held me tight; it  
turned me on / the moon was  
Dark and those clothes were tight / her perfume strong;  
it turned me on / fleeting moments  
Touched in the night / then so strong but banished by  
the light / her presence gone,  
Memories remain / of how she kissed and turned me  
on / now there's this love inside of me  
/ I've got this love / inside of me / and I still have dull  
aching pain / desire to reach  
And touch you once again / distractions cannot sate the  
need / it grows once more, it  
Grows once more / I've got this love inside of me / I've  
got this love / inside of me /  
I've got this love inside of me / I've got this love / inside  
of me / I have this pain  
Inside of me / why can't you see? why can't you see? /  
I'm stranded here with no way home  
/ please rescue me, oh won't you rescue me? / I've got  
this love inside of me / I've got  
This love / inside of me / I've got this love inside of me /  
I've got this love / inside  
Of me.
