Yesterday you came to say goodbye
You just left and didn't tell me why
Packed your things and walked out the door
Turned around and said you won't come back no more

How am I supposed to carry on
All I ever cared about is gone
Why do you leave me here alone
I'm waiting for the day you come back home
Can't live without you

Now sitting here and thinking about you
Completely lost and I don't now what to do
Can you still recall how good it just to be
But your love for me will last eternally
