I saw the green light  
I saw the white stain  
I'm gonna fight the fight  
I'm gonna CNN  
The chaos new nation over my head  
I'm gonna bomb the screen i'm gonna see red

Let's start a war, said George one day  
W H O R E stronger than Dirty Harry  
Sell yourself to media corporations  
War against evil raise some funds

We're gonna have some fun  
See the insects as they run  
We're gonna get some power  
Put'em against the wall, ring their hour

USA USA USA USA  
Now I don't wanna die for TV USA  
USA USA USA USA  
Now I don't wanna die for TV USA
