I wanna love you pretty lady
I'm mad about your fantasy
You're turning me into a zombi
I wanna be your zombi
Well i won't mess around with girls no more
Cos' by now you're my only whore
I just wanna mess around with a knife
And cut your name on the trees

Primitive primitive
I wanna love you primitive

I wanna love you pretty lady
I'm mad about your fantasy
You're turning me into a zombi
I wanne be your zombi
I'm so messed up i want you here
And In my room I want you here
And like a dog i want you here
I want you i want you

Primitive primitive
I wanna love you primitive

I wanna love you pretty lady
I'm mad about your fantasy
You're turning me into a zombi
I wanne be your zombi
I walk the line
Between man and animal
I want you here I want you here
