Hey Girl,  
The way you make me feel  
I know your love is real  
You satisfy my every want and need  
Hey Boy,  
You're always on my mind  
We need to spend more time  
Cause no one else can touch my heart inside

She look so good in her clothes, she get dressed and roll  
So much man a flay down, call the pest control  
Confident princess, she address them bold, she nah manifest  
Fi dem sexual goal, she wish them the best, Rasta  
bless them soul  
Her mouth nah filthy, like nuh cess tank pool  
Smarter than most intellectual fools, weh spend dem  
time pon internet chat rooms

She said Jr. you're a genius, you think with your mind  
and not your penis  
Your gang of Jamaican Al Pacinos, drinking blue  
mountain cappuccinos  
Well I seh baby you the cleanest, the true definition of  
what my queen is  
Nothing coulda ever really come between us, share the  
same room and Jah will feed us

Hey Girl,  
The way you make me feel  
I no your love is real  
You satisfy my every want and need  
Hey Boy,  
You're always on my mind  
We need to spend more time  
Cause noone else can touch my heart inside

Why mi love fi all she's worth, sitn' fi gwan she wi start  
it first  
Wheel and pop off, supn' outta she purse, whole heap  
a fool have to start disperse

Police ah come you see how fast she splurt, can't find  
no sign of she khaki skirt  
Light up the place like we spark there herbs, Love  
watch the way that she gwan  
When a big tune a play pon the dance-hall set, selector  
rewind every chance dem get  
The rhythm design fi she dance and sweat, all when  
morning a shine she nuh start dance yet  
Man clear the line when she walk and sweat, but she  
nah pay no mind to remarks dem mek  
Always on time tek a chance and bet, she's a fine piece  
of mind with the right mindset  
She said Jr. you're a genius, you think with your mind  
and not your penis  
Your gang of Jamaican Al Pacinos, drinking blue  
mountain cappuccinos  
Well I seh baby you the cleanest, the true definition of  
what my queen is  
Nothing coulda ever really come between us, share the  
same room and Jah will feed us

Hey Girl,  
The way you make me feel  
I no your love is real  
You satisfy my every want and need  
Hey Boy,  
You're always on my mind  
We need to spend more time  
Cause noone else can touch my heart inside

So Boom!  
Animal you never know from you born, places you only  
see when travel channel tun on  
Our means of trans-p is when the camel run on  
Camouflage and fatigue is our style and fashion  
"Fliminitti" weh she have and that is the attraction, what  
she want is what she get and that is satisfaction  
Well she want it all night and not jus fi a fraction, Well  
too much long talking now a time fi action, well she  
love fi spend money but she rather spend time  
And if mi gone fi ten minutes, then she call me ten time  
If mi nuh pick up then she panic then she panic then  
she call mi friend line  
Cause she want the veteran fi come and bend up her  
spine, a substantial amount of african fly squat  
I have to sip a roots and bun a one night cap, and she  
love the veteran him always hit the right spot  
And the way she feel so good i have to bounce right  
back

Hey Girl,

The way you make me feel  
I no your love is real  
You satisfy my every want and need  
Hey Boy,  
You're always on my mind  
We need to spend more time  
Cause noone else can touch my heart inside
