[CHORUS 1 ¶ Stephen Marley]

This one's for all the leaders

Leader

Lets all change the world

Change the world

This one's for all the leaders

Leader

Lets all change the world

Change the world

[VERSE 1 ¶ Nas]

Yeah!

Got out the 600

Blunted

Chicks hunt him

Neighborhood know he comin'

Jakes hate him

Snakes could not violate him

Pimps memorize his lines-verbatim

He reps N.Y. yo

Gives C-notes to winos

Not church

It's how he tithe though

He walks the tenement

Sleeps at his super fly condo

My kinda nigga

My Icon, my Idol

No certificate

For this misfit who handle business

The odds stacked against him

He fights back mackin Benzes

Never puts cash or ass

Before friendship

He laughs last?

As some die young

He is still existing

Somehow he got around the pitfalls of the system

When he walks we watch

When he talks we listen

Leaders

[CHORUS 2 ¶ Stephen Marley]

This one's for all the leaders
Leader
Lets all change the world
Change the world
This one's for all the leaders
Leader
Lets all change the world
Change the world

[VERSE 2 ÆfÂçâ, ¬" JR. GONG]

Who do I follow?
Who do I copy?
Look in to the mirror
And it's you I see look at me
Everything new
Like it fresh from the factory
Everything you do?
It impact me
Your lifestyle attract me
Parents try distract me
When I grow up
I want to be like you exactly
And as soon as I get over this acne
There's no way anybody coulda stop me
Me gravitate toward the aura
And all the mannerism
The sending out of orders
And man start moving busy
The locking of the corners?
The streets and all the buildings
Mi love you like a father
Mi ready and mi willing
Anything what you a talk
Is law in my dominion
And mi have similar thoughts
I share the same opinions
Mi have it say you smart
With mi best interest at heart
I'm following your path
Yow mine whe you a walk

[CHORUS 3 ÆfÂçâ, ¬" Stephen Marley]

This one's for all the leaders
Leader
Lets all change the world
Change the world
This one's for all the leaders
Leader
Lets all change the world
Change the world

[VERSE 3 *ƒ*â, ¬" Nas]
They appeal to the conscious
The Paramount
The Cesar, the monsters
The grandiose, the matters
The hell on earth pompous
Ellsworth Bumpy Johnsons
The Harlemites the Garveyites
Black as the credit card we swipe
Poppin' Dom tonight
For all of mine
I can see myself back at the Autobahn
Malcolm on the podium
Shells drop to linoleum
Swipe those
Place 'em on display at the Smithsonian
Next to only gems
That were left behind
By holy men
Infectious
Charisma of those who gave us direction
The anti-sexes
Resistance against oppression
Progressive thinking
Ghetto speakers
Protestors against the colored
Only section to the Jena 6 and
The Frost Nixon
The contradiction
The cross the crucifixion
The loss we took for sinning
On Esau's back inscription
That it was written
That nothing is coincidence'n
They took our leaders and they lynched them

[CHORUS 4 *ƒ*â, ¬" Stephen Marley]
This one's for all the leaders
Leader
Lets all change the world
Change the world
This one's for all the leaders
Leader
Lets all change the world
Change the world
Change the world, change the world
Change the world
Change the world, change the world
You change the world
