Now I say Love and Harmony is what we need upon the
street

Got to get a place fi ghetto youths fi rest dem feet

Because they trod the rocky road

Because they trod the rocky road

Yes I say Love and Harmony is what we need upon the
street

Got to get a place fi ghetto youths fi rest dem feet

Because they trod the rocky road

Oh yes they trod the rocky road

Now mi sey when the base is heavy mi sidung pon the
rhythm

Militant soldier no go deal with isim skism

Now when the drummer steady him lock on with the
rhythm

Militant soldier naw go deal with isim skism

Now praise up the Almighty no deal with devilism

Fi Almighty works I and I naw go put no criticism

Now praise up the Almighty no deal with devilism

Rasta livity a no rastafarism

Now Love and Harmony is wey we need upon the street

Got to get a place fi ghetto youths fi rest dem feet

Because they trod the rocky road

Because they trod the rocky road

Now I say Love and Inity is wey we need upon the street

Got to get a place fi ghetto youths fi rest dem feet

Because they trod the rocky road

Because they trod the rocky road

Now mi sey when the base is heavy we lay pon the
rhythm

Militant soldier no go deal with isim skism

Now when the drummer steady him lock on with the
rhythm

Militant soldier naw go deal with isim skism

Now praise up the Almighty no deal with devilism

Watch the ghetto youths as keep being only victims
Love up the Almighty no deal with devilism
Rasta livity a no rastafarism

Love and Inity is what we need upon the street
Got to get a place fi ghetto youths fi rest dem feet
Because they trod the rocky road
Oh yes they trod the rocky road
Now I say Love and Inity is what we need upon the
street
Got to get a place fi ghetto youths fi rest dem feet
Because they trod the rocky road
Because they trod the rocky road
