Uh, uh-Huh  
Hmmm.....

*[Verse 1]*

Babylon position the queen and set the pawn  
And start transform like Deceptacon  
Anytime delegates have a discrepence  
Well a bare tension with some long weapons  
Night vision upon the attack mission  
Colaliton of folly-ticians get switch on  
If you look in the face of the newly born  
The newly born face malnutrition  
Suspicion to what is them ambition  
Total destruction start to ignition  
And the world still a fight over religion  
Everyone have a right to a decision  
Superstition the people reflect upon, something nuh  
right  
I man suspect a con

Cause them lost inna darkness beyond  
And none shall escape except the ones, who  
Exodus with no question,  
Better put on your khaki uniform  
If you-a' driver, leave unnu engine on  
If you-a' rider jump pon a unicorn  
Lace your shoes if you a pedestrian  
Run for the border like a Mexican  
Underarm smell green like a Leprechaun  
Survival of Jah people

*[Chorus]*

Exodus...movement of Jah people

*[Verse 2]*

Boom!  
Chicken merry, Hawk is near  
Tell them beware, but them still won't hear  
Life is a road so you drive with care  
Tire can't bust cause you got no spare  
Whole-heap of lust in your atmosphere  
Step pon di gas and you start draw gear

Dis Rastafari you do not dare

Some don't share and then that's not fair  
Make a move, before they make a move and you  
Making moves and still move and go thru  
Moving things weh you not supposed to move  
Watch your move and where you moving to  
Who you move with, you move with you crew

Move some fool from up off the avenue  
Move a pound and boost your revenue  
Move uptown and overlook the view  
Move around and get from one to two  
Make a wrong move in the game you lose  
I stand up and I refuse to move  
Substance weh mi know mi nah go use  
Metric measurement mi nah go choose  
Moving on and you still need a clue  
Car keys are the only keys wi' move  
Moving on...Lord!

*[Chorus Repeats]*
