Damian Marley: 'cause' coke was a ting dat when she  
first tried

was once a blue moon to once a blue sky  
now she's wonderin' who else wants to go by  
she don't got no money and waans to get high  
story sounds familiar like born to be wild, But she sillier  
not quite the same but she similiar

A waste of mi saucy perilier

Used to look good in the videos now she look hideous

Now it's broken crack pipes with lipstick traces

Wuk the cold nights red district places

She seen more hotels then my tour suitcases

Or male customers than Old Navy

She love limelight more than John Swaybis

Seen more miles than I rent a AVIS

She don't slow down then some day maybe

She lost then she can't find her way to safety

Black Thought:

Check it out! She keep her head up in space like a satellite

Because she got a insatiable appetite

For stayin out late night with all the parasites

Plottin on the way to cop a little piece of paradise

Her dignity the only thing that she could sacrifice

Just get the monkey off her back and she be back in like

Five minutes, she stay on the move

She looked smoked up, and stoned at the buildin refused

All coked up, alone she ain't even in tuned

And it's sad cause she ain't really have a reason to use

She was a pretty girl cleaner than the board of health studied and enjoyed herself

I don't know what drove her to avoid herself

Destroyed herself and took a taste of the yay

And now she on the track workin while she wastin away

It's safe to say she lookin for some place to stay

Whoever got a lil' paper to play could get a slice a dis...

Damian Marley: For no reason a seasoned spliff was the first thing

One spring season while she's out flirtin  
Now she season me and don't need rehearsin  
her skin get a beaten life is uncertained  
Ego need feedin now no one's mercy  
Beneath the demons she's a one person  
When she's not fiendin swearin and cursin  
Behind the curtain she's really hurtin  
And while her people don't even trust her at home  
di dealer dem bring and cook the rocks down  
And she without sin will spark the first stone  
The feelin kicks in she's in the dark zone  
Old friends walk pass goin bout there own  
As if she is someone that they don't know  
Then the King Of Kings lift her off the flo'  
Sayin life is a ting when you learn you grow

Chorus: Pimpas' paradise

Stephen Marley: that's all she was now

Chorus: Pimpas' paradise

Stephen Marley: that's all she was...
