Yeah! Yes mi lion!

Always look on the brighter side of life, you know

Nuh must!

Now

Don't you ever give up

Don't you ever give in

Don't you ever give up

Don't you ever give in

Don't you ever give up

Don't you ever give in

We will have our way some day

Don't you ever 'duttu'

Cause a better you clean

Hail up King Selassie plus

Omega the queen

Don't you ever give up

Don't you ever give in

Cause I...

[Chorus:]

I know we're gonna make it

It's not too late, No!

We're gonna make it

Yeah

Yes I know

We're gonna make it

It's not too late

We're gonna make it, Yeah

[Verse:]

Searching for the light

Because your living in the dark

You must realize that

Jah was with you from the start

Glorify his works

And please be upfull in your
thoughts

Even though the ones who wish you well

Are few and far apart

People never thought that we would make it thru so far

Speak of love Jah children and be proud of who you are

Keep on concentrating on the brighter side of life
Don't let them get you down
Cause I...

[Chorus]

[Verse:]

If your brother weak
Then you must help him if your if you strong
Love him for the right and do not judge him for the
wrong
If your sister lost
Then you must help her find her way
She might just be the one to have to help you out some
day
United we will stand up
Or divided we will fall
Love your one another
For the father love us all
Keep on concentrating on the brighter side of life
Don't let them get you down
Cause I...

[Chorus]

[Verse:]

We will always share
Nuh care how meager the meal
Always speak the truth
Nuh care how ego wi' feel
I and I a root nuh care weh people believe
Don't you ever give up
Don't you ever give in
Seed that we will sew will
multiply in the field
Some a speak the word and some are doing the deeds
Don't you ever give up
Don't you ever give in
Cause I...

[Chorus]
