As eyes gun you, the sky it tumbles off
Yeah I made foul mistakes I know
Our hearts die soon, & I can't spit the love
Her body stroked by hands of god

The eye stuns you, their bodies naked brawl
Yeah I despise the faker's, foe!
If I die soon, yeah I keel, spit the blood
My soul inscape the hands of hurt

So to you is this dirty? Have sick undertones?
But I know you're dirty, I'm the tame animal
Now get-go, don't let, go! I know the kind you take
Home
Yeah, you made this dirty, cause you faked it all

& sing my love muse, deep breaths of heaven, kissed
by
God, burnt ghosts & licked by devils hands
I conceal it under your skin
Yeah, I'm keeling under you
Everyway we lose so give in...
If I could seal it under your skin
Yeah I'm keeling under your
Everyway we lose so give in...

The highs gone now & love has conquered all
Yeah I made vile mistakes, malheur
Our hearts die soon but I can't spit the words
Her body stroked by hands of god

Their eyes numb you, their bodies naked crawl
Yeah I define those fake as foe
If I die soon yeah I'll kill-switch the nerves
Does my soul escape those hands of hurt?

So to you is this dirty? Have sick undertones?
But I know you're dirty, you're no tame animal
I'll be the echo that wont let go, I'll be there
Grinding your bones
Yeah I know you're dirty, all fingers & tongues

But it seemed enough for you though I never levelled,
Kiss these old burns, & god knows I've missed your
Love...
& Sing malheur muse keep a place in heaven... all
these
Lost words, & God knows I've missed your love... all
Alone...
