Capitalist supremacy  
Forced fed conformity  
Troops collide  
Cities burn  
My fate is sealed  
My fate is sealed  
At war with reality

Spearhead to the soul of man  
Invade and dominate  
Social stratification shackle hands  
Industrialised madness  
Distort the mind

Spearhead to the soul of man  
Invade and dominate  
Social stratification shackle hands  
Industrialised madness  
Distort the mind

The sins of fathers  
Witness  
The blood of our children  
Drench the sand  
The sins of fathers  
Witness  
The blood of our children  
Drench the sand

We are the slaves of this world  
Captivated by our ignorance  
Living in deaths embrace  
Hands raised to the sky

We are the slaves of this world  
Captivated by our ignorance
