The shepherd has turned on it's horde  
Consumed and disposed  
Scavengers  
Dripping with blood

Bodies rotting in the sun  
Decapitated  
Speared on a pole  
Iniquity beyond comprehension  
Starvation  
Skeletons covered with skin  
Humanity  
The blackest plague

The shepherd has turned on it's horde  
Consumed and disposed  
Scavengers  
Dripping with blood

The forest laid to waste  
The earth is drained  
Overpopulation will never be sustained  
The great slaughter  
Screams to the deaf

Bodies rotting in the sun  
Decapitated  
Speared on a pole  
Iniquity beyond comprehension  
Starvation  
Skeletons covered with skin  
Humanity  
The blackest plague

The sun has set  
The end is here  
The sun has set
