The plan was to let me down gently  
I know the game was to call it temporary  
Boy, be careful what you wish for  
'Cause you might get that and so much more  
I won't shed a tear if you don't want me here

Boy, I'll give you space  
In the closet where my clothes should be  
In that empty bed without me  
Now I'm walking out the front door  
You got exactly what you asked for

Space in your phone where it said my name  
Where I took my picture out your frame  
And I won't be around when you figure out  
You got exactly what you asked for, space

Now wait this ain't no way to be treated  
Mistake, you can't have your cake and eat it  
'Cause any real man would have been here  
But I guess that's more than you can be  
Let me help you out, I'ma leave right now

Boy, you got your space  
In the closet where my clothes should be  
In that empty bed without me  
Now I'm walking out the front door  
You got exactly what you asked for

Space in your phone where it said my name  
Where I took my picture out your frame  
And I won't be around when you figure out  
You got exactly what you asked for, space

Where my kiss should be  
In your arms where they used to be holding me  
In your car, on the passenger side  
There's an empty seat where I used to ride

Space in your mind when you think of me  
'Cause I'ma 'bout to be a memory  
Now you've got your space

In the closet where my clothes should be  
In that empty bed without me  
Now I'm walking out the front door  
You got exactly what you asked for

Space in your phone where it said my name  
Where I took my picture out your frame  
And I won't be around when you figure out  
You got exactly what you asked for, space

I'll give you your space  
You got your space  
You got exactly what you asked for  
Ooh baby, I'm so gone  
You got me saying bye, baby
