Wasn't long ago, was fresh off the grind  
Everybody thought I was crazy, I was selling my mind  
They call me a 'rebel misfit' cause I wouldn't  
compromise  
Till I shot up, f-filled with charts, got fire f-f-fire

My way or no way  
Just in case you wonder  
Don't care what you say  
I-I-I do what I wanna  
You'd better watch out  
Watch out, I think the girls gone wild  
P-C-D, they so crazy,  
What the hell they talking ?bout now?

Swagger biter  
Burning off more then you can chew  
I'm just being me, tell me who the hell are you?

Swagger biter  
you try'na get the latest style  
You're talking that shit, but look at you now

Swagger biter (ah,ah,ah,ah,ah)  
S-swagger biter (ah,ah,ah,ah,ah)  
Swagger biter (ah,ah,ah,ah,ah)  
S-swagger biter (ah,ah,ah,ah,ah)

All of the sudden everybody is sounding the same  
Say my love reflections, I had to do it double take  
I couldn't believe my eyes, the same girls from  
yesterday  
Now they switching up they styles everybody wanna go

My way or no way  
Just in case you wonder  
Don't care what you say  
I-I-I do what I wanna  
You'd better watch out  
Watch out I think the girls gone wild

P-C-D, they so crazy,

What the hell they talking ?bout now?

Swagger biter  
Burning off more then you can chew  
I'm just being me, tell me who the hell are you?

Swagger biter  
you try'na get the latest style  
You're talking that shit, but look at you now

Swagger biter (ah,ah,ah,ah,ah)  
S-swagger biter (ah,ah,ah,ah,ah)  
Swagger biter (ah,ah,ah,ah,ah)  
S-swagger biter (ah,ah,ah,ah,ah)

This is for my haters and fakers that try to play us  
Who smiling all in my face and behind the back got  
something to say.  
This is for my haters and fakers who try to play us  
They smiling all in my face and behind the back got  
something to say

Swagger biter  
Burning off more then you can chew
