You know sometime when u see your self  
Just see your self  
Someone not good enough  
And though there's times when you feel like  
You can't do nothing right  
And then security takes ahold  
Obscures your vision of your soul  
You can't see what's inside  
Open up your eyes

Take a look in the mirror  
You're beautiful  
Take a moment to love  
The one you are  
Learn to accept yourself  
'cause this that's true  
You can't love nobody else  
Until u love u

I know sumtime its so hard to keep  
Up your self esteem  
Sometime u can feel so small  
And its so easy to tell yourself  
You're not worth much at all  
When you aren't sure of who you are  
Now it's tearing you apart  
You can't see what is true  
Change your point of view

Take a look in the mirror  
You're beautiful  
Take a moment to love  
The one you are  
Learn to accept yourself  
'cause this that's true  
You can't love nobody else  
Until u love u

Find what is real is what's inside you  
Know there's no one else in this world like you  
Take maybe just a little time to start and see  
Just who you really are

Take a look in the mirror  
You're beautiful  
Take a moment to love  
The one you are  
Learn to accept yourself  
'cause this that's true  
You can't love nobody else  
Until u love u

Take a look in the mirror  
You're beautiful  
Take a moment to love  
The one you are  
Learn to accept yourself  
'cause this that's true  
You can't love nobody else  
Until u love

Take a look in the mirror  
Take a look in the mirror  
Hemm  
Take a look in the mirror  
Take a look in the mirror  
You're beautiful
