It was a night, it was just another night  
She was sayin' lots of nothing  
She was none too bright  
But you'll listen much to anythin'  
When anythin's in sight, won't ya!

Double back trouble like a temperance hall  
She's dealin' with the ceilin'  
And the writings on the wall  
Then you're wishing it was over, like an endless fall.

It's a lane side fight  
Oh no! another main line ride  
Oh no! there ain't a train in sight  
Oh no! settin' my soul on fire  
Try her and buy her  
Hire and fire her  
Playin' the game his latest flame

Now it's a fine line between passion and dread  
Foolin' and a droolin'  
Starts rulin' your head  
To seduction, destruction  
We're so easily lead

And then the dawn, the so impatient telephone  
The smell of disappointment  
Mirror wants to pick a bone  
It's a cup of cold coffee  
Like the taste of stale beer  
Let's get outta here

It's a lane side fight  
Oh no! another main line ride  
Oh no! there ain't a train in sight  
Oh no! settin' my soul on fire  
Try her and buy her  
Hire and fire her

Carry the flame and make it last  
Carry the blame and kiss your ass goodbye.
