Mercy is for the weak  
Soon I will begin your demise  
Caged up like a rat  
Specimen for morbid acts  
Waiting patiently  
A far cry from when you arrived  
Sleep now, you must rest  
There's no way your god can save you  
Death is certain  
Wake up, time to die  
Fulfill the pictures in my head  
I smell your fear  
Laughing as you piss yourself  
Throw open the door, sodomizing innocence  
Gnash my victims back  
Psycho bliss euphoria  
Consuming me  
Shredding up my reasoning  
Insanity  
Watching as you bleed profusely
