Q-Tip]

Uh.. check it out now

Uh.. no doubt now

Uh.. yo, check it out now

Uh.. no doubt yo

Special girl, real good girl

Biggest thing in my itty bitty world

Called her up and she made me feel right

Wish for bliss could never take flight

Sittin back with this mic in my hand

Spittin hot shit tryin to see grand

Imprinted on my mind every minute

Make my plans and you always in it, yo

Uhh, such a vivrant thing

Vivrant thing, a vivrant thing

And even though we both fly

Give each other space and not the evil eye

Actin like grownups

Don't even try to hide cause the spot blown up

Girlfriend tellin you she wanna see

I say 'I dunno' but you say 'Gladly'

And when we both do hit

We go on and on and on and on and on and

Sweeter than Ben & Jerry

Can I rhyme? Well you know I gets mine

Sittin round in my abstract car

This abstract thing goin abstract far, yo

Uhh, such a vibrant thing

Vibrant thing, a vibrant thing

Yo.. such a vibrant thing

Vibrant thing, a vibrant thing

Look at you, look at me {repeat 2X}

Check it, yo - check it, huh

Yo, check it - uhh, yo

Yo.. such a vibrant thing

Vibrant thing, a vibrant thing

Look at you, look at me {repeat 2X}

Yo, check it, yo, check it

Yo, check it, yo yo yo

Yo.. such a vibrant thing

Vibrant uh, uhh-uhh, uh

[Q-Tip]

Gettin back to my MC status

All the Willie that I kick make the other niggaz mad it's

movin, to your town and situation

Shorty thought she subtle but she really was blatant  
when she

shook her thing and violated  
Now these wolf-like thoughts are formulated  
I'm sayin, "Yo is this some heartfelt shit here?  
Am I strong-backed nigga? Well shit yeah  
Plus we can hold a convo'  
or go to the movies, my crib, whatever yo  
Just wanna see you by my side"  
We on 95, know the stash is in the ride  
A rappin nigga for real  
You would find me in a cypher if I didn't cop a deal  
Rap slate like big weight  
You buy, I sell, we split big cake  
Uh uh, just move your little thing  
Move it around and shake your little thing  
Uh uhh  
Yo.. such a vibrant thing  
Vibrant thing, a vibrant thing  
Uh, yo, you such a vibrant thing  
Vibrant thing, a vibrant thing yo  
Uh, such a vibrant thing  
Vibrant thing a vibrant thing uh  
Vibrant thing a vibrant thing uh  
Vibrant thing ah out yo uh uh  
Yo
