In the hot mornin admiring your chain

You got a fella's nose wide on the reallas side

I wanna dance real close right up on your thigh

Playin games yo I never cared bout it much

But you the girl that keep her eyes close and smoke a dutch

For real you sucha little pretty gal

You make a nigga front pants hit the mean swell

Whatchu say? I said you stimulate my brain cells,

but there's one thing I really wanna say
