Last week I went to the graveyard
My dog was killed by a car
Feel the pain, the pain is started
He is dead but friends, we still are

Sunday we played in a dancing
The public was very down but it didn't bore us a thing
'cause we smoked ourselves a kick

Well, this is my life of sadness
This is the life I live
This is my life of gladness
This is the life I live

I had a girl and I loved her
She knows, she knows I still do but she married with a
rich man
But the things she wants, he can't do

Once we were on Joop's wedding
We smoked en drink all night
At twelve we were thrown out 'cause the house was
changin' crowds

Well, this is my life of sadness
This is the life I live
This is my life of gladness
This is the life I live
