I can take you around and show you a bridge that's the
colour of gold,

I can take you around and show you it? I'll make you
heart grow cold,

I can take you around and show you show you
Goldenbridge, Goldenbridge

Goldenbridge it's taken many years to relinquish my
fears, Goldenbridge Goldenbridge

It taken many years but I'm still here.

I can take you around and show you a prison that was
made for kids,

I can take you around and show you it might just open
your lids I can take you

Around and show you show you what they did, at
Goldenbridge Goldenbridge

It's taken many years to relinquish my fears,
Goldenbridge Goldenbridge

It taken many years but I'm still here.

Me and my brothers and my sister were there, torture
everyday from the sisters I swear

I was just a babe and my sister played mum, man those
sisters had us under their thumbs.

I can take you around and show you a child ill at ease
and a voice on a breeze,

Hes got his bread and cheese and a cough and
wheeze, he's got a funny gaze, it lasts

For days and days and days. At Goldenbridge
Goldenbridge it's taken many years to relinquish my
fears

Goldenbridge Goldenbridge

It taken many years but I'm still here.

Me and my brother and my sister was there torture
everyday from the sisters I swear

Come back mother don't you leave us here, can't you
see us shivering and a shaking with fear.
