[Intro]

Oh yeah muthafucka
that's that shit
oh, com on, yea
ladies make it hot, thugs make it hot, make it pop.

[1st Chorus]

oo-chie wally wally, oo-chie bang bang (Bravehearts)
oo-chie wally wally, oo-chie bang bang
oo-chie wally wally, oo-chie bang bang
oo-chie wally wally

[2nd Chorus]

He really really really work my body
He really really really turned me on
He really really really got to gut me
He really really made me scream and shout

[3rd Chorus]

He really taught me how to work my body
He really taught me how to go down south
He really really tried to hurt me hurt me
I really love to suck it gangsta style

[Verse One]

Yo we got chicks in the living room gettin it on
and they ain't leaving till six in the morning
O is for oochie
Oh you ain't know how many O's in the bank roll
sorta like the game show
Who wants to be a millionaire
but my name ain't Regis
Nas, the one they call when they want their thing beat
up.
Honeys for bodies,
two bravehearts, guns in the parties
waves, braves, bald trade marks to army
Is that horse it must be, I heard he husky,
yea there goes jungle
eyes red looking for trouble
and that Nas dancing with dymes
but who is manish
Da imperial thug

it's Code D grand wiz
We taking honeys to the crib tonite
garanteed we going to get up in thier rib tonite
take a lose slang, chain, it's the braveheart gang mang
when you see me pass you holla oochie bang bang.

[Chorus One][Chorus Two]

[Verse Two]

Yeah what up ma,
take a look, you hypnotized
on how my long dick stretch your insides
for real ma, with your thick lips and thick thighs
stoke both holes, pass it to Nas
or pass it to Naish, or pass it to Jung
or pass it to Horse, then that ass gettin tossed
fuck a hustler book, penthouse or blacktale
i got bitches sendin my niggas flicks in jail
i fuck a bitch face more than her waist for real
and aint no pussy like new pussy thats how a nigga feel
bust three times throw her the peace sign
she sleep then my dick sleek and I aint gotta call her
for weeks
Long leg hoes, mo'head hoes, married bitches
Me and my dog - fuckin them both they got us switchin
Is the nigga gangsta? Yeah, that's how I'm livin
That's how I'm playin - I got these freak fuckin hoes
singin

[1st Chorus]

[4th Chorus]

He really really fuck my coochie
He really really turn me on
He really really got to gut me
he really really make me scream and shout

[Verse Three]

Little young thing go around my dick with your tongue
ring
Deep throat my nine inch, gut from the front and
grind from the side and, fuck from behind and
Grab her hair slap her ass, got her screamin like she
dyin
Make her come four times without even tryin
I'll beat that pussy up there's no denyin
Hit her where she doodie at, make that booty fat
Little cutie rat, walking by with the doobie wrap
Tight blue jeans, air max
Small gucci bag
No loot and no job
Stay home giving blow jobs

Like no prob, it's simple
Holla out the window it's the project nympho
Fuck my whole crew, you know how we do
you got that good pussy I can share with my peoples
Be a brave girl, do your thang
Let them tities hang, I'll have all the bitches sayin

[1st chorus][4th chorus]

[Verse]

When it comes to sex I'm similar to the thriller in
manilla
Bitches call me Horse the pussy filler
I'll fuck a big boned or slim chick
Beat that pussy up real quick then send home the bitch
Aint no sleepin in my bedroom
When henny's in my dick
When Flex drop the bomb i bust a nut on this bitch
Deep throat, ceaser gold or pun wicked hoes
Who like the way i thug and the way i flow
I like head in the Benz, the four door or the Coupe
Head in the staircase, the cellar or the roof
Head in the studio, the bathroom or the booth
Head from a project chick or one with crazy loot
Like Nia Long in a cherry thong with the lights on
Sippin Perignon with Kelly Price on
I pull out my python, I hit it while my wife's gone
Long dick the bitch all night, I'll make her pussy sing
the song

[5th chorus]

oo-chie wally wally, oo-chie bang bang
oo-chie wally wally, oo-chie bang bang
oo-chie wally wally, oo-chie bang bang
oo-chie wally wally, oo-chie bang bang
oo-chie wally wally, oo-chie bang bang
oo-chie wally wally, oo-chie bang bang
oo-chie wally wally, oo-chie bang bang
oo-chie wally wally
