I see you everywhere I go
Can't bring myself to say hello hello
I'm speakin up like you're new here
I know you want to 'cause you've made it clear

Everywhere I go
Everywhere I go
You're there
Is it a coincidence
That everywhere I go
You're there
Could it be you really care

I got your eye in my direction
You seem to smile and then walk away
I know we're running the same line
You know it's only a matter of time

Everywhere I go
Everywhere I go
You're there
Is it a coincidence
That everywhere I go
You're there
Could it be you really care

Playing this game of cat and mouse
Is so exciting
But isn't it about time
That we cooled the fire

Playing this game of cat and mouse
Is so exciting
But isn't it about time
That we cooled the fire

Everywhere I go
Everywhere I go
You're there
Is it a coincidence
That everywhere I go
You're there

Could it be you really care

Everywhere I go
Everywhere I go
You're there
Is it a coincidence
That everywhere I go
You're there
Could it be you really care

Yeah Babe
Everywhere I go you're there
You're there
You're there
