If I walk away like I don't care  
Will you magically appear  
Oh to wipe away my tears

Oh the feeling in the darkness  
Oh I could swear  
You feel, so near  
Just touch me if you're really there

Let me tell you how I feel,  
I never felt a love so real.  
Like an island from a cloud,  
You've appeared to me somehow,  
I was yours and you were mine  
In another place and time  
Like two islands in the sea  
Separated endlessly

Now say you love me like you do,  
And all the things I wanna hear,  
Oh, please whisper in my ear,  
If all the fates align to find you,  
And show me how to understand  
You're here, right now,  
And I can't even touch your hand  
Let me tell you how I feel,  
I never felt a love so real.  
Like an island from a cloud,  
You've appeared to me somehow,  
I was yours and you were mine  
In another place and time  
Like two islands in the sea  
Seperated endlessly

Is there a chance for love, like I've been dreaming of,  
The dream could fade away and you'd be gone,  
So I'm holding oooooon.....

Let me tell you how I feel,  
I never felt a love so real.  
Like an island from a cloud,  
You've appeared to me somehow,

I was yours and you were mine  
In another place and time  
Like two islands in the sea  
Separated endlessly

Separated endlessly
