Twas in the merry month of  
June from our home we started  
Left old Eireann's Isle, to Poland we departed  
Hope within our hearts.  
We can win a trophy  
We're a part of Trapattoni's army,  
Get behind the team, hear the Irish scream,  
C'mon you boys in green, Ireland's bouncing back  
again,  
We have got our Trap, the cat is in the sack,  
We'll not forget you Jack on the Rocky Road to Poland  
One, two, three, four, five  
Irish eyes are smiling  
Let your voices ring,  
Trapattoni's army,  
Everybody sing  
You'll never beat the Irish (x 4)  
Make your mother proud, inflate your plastic hammer,  
Bate your bodhrÃ¡in loud and learn your Polish  
grammar  
Credit union loan, sold the Opel Corsa,  
Hired a camper van, picked it up in Warsaw,

Been so close before, hopes slammed in the door,  
Now we're back for more, we can win the battle,  
C'mon you boys in green, never have we seen,  
Such a fearless team on the Rocky Road to Poland.  
One, two, three, four, five  
Irish eyes are smiling  
Let your voices ring,  
Trapattoni's army,  
Everybody sing  
You'll never beat the Irish  
You'll never beat the Irish  
You'll never beat the Irish  
You'll never beat the Irish  
Ireland abÅ°. We love.
