Far, far from the light  
Here the night creatures call  
In the cold breath they howl  
And the hollow tears, they're calling you

I'll be there, though maybe you won't see my babe  
I'll still care, no matter where I'll still be there  
When you make it to the other side

Lord I'm going back, back to the light  
Back to the dreams that are paved with gold  
Back to the light  
Back to the land, where the sunshine heals my soul

Deep, deep in the night  
When the world fills with tears  
And the wind grows, colder and colder it grows  
And the fire dimes, with the same old fears

I'll be there, no matter what you're going through  
In the dark I care, I'm holding on, I'm hoping on  
It's still the same old me inside#

Lord I'm going back, back to the light

Back to the dreams that are paved with gold  
Back to the light  
Back to the land, where the sunshine heals my soul

On and on, searching for the clearer view  
Winning and losing an inner war  
Wondering what we do it for  
Though the road seems never ending  
Hold on to the hope I'm sending through

No matter where you're going to  
I'll be there  
I'm holding on, believe it  
We'll be walking in the light  
'cos there'll be no place left to hide

Back to the light

Back to the dreams that are paved with gold  
Back to the light  
Back to the land, where the sunshine heals my soul  
Let me hear you babes - yeah, yeah, yeah
