Feeling strange, turn around do it again

Feeling alright, feel like contact tonight

Well you know what it says and you know what you feel

And you know what it's like and you know it's for real

Take it to the limit, take it to the height

Take it to the limit, contact tonight

Don't speak, don't break the spell

Let's dance, you dance so well

I contact you, you contact me

Across the room our glances meet

I contact you, eye contact, eye contact

Feeling fine, feel like dynamic

Eyes speak more than words can say

Sparks fly eye contact is made

Well you know what it says

And you know what you feel

Well you know what it's like

And you know it's for real

So take it to the limit, take it to the height

Take it to the limit, contact tonight

Breathe deep let your feelings show,

Let's dance but not too slow

I contact you, you contact me, across the room

Our glances meet, I contact you...

Eye contact, eye contact

Take it to the limit, take it to the limit,

Eye contact, eye contact...
