Words and music by freddie mercury and john deacon

Another red letter day
So the pound has dropped and the children are
creating
The other half ran away
Taking all the cash and leaving you with the lumber
Got a pain in the chest
Doctors on strike what you need is a rest

Its not easy love but youve got friends you can trust
Friends will be friends
When you're in need of love they give you care and
attention
Friends will be friends
When you're through with life and all hope is lost
Hold out your hands cos friends will be friends right till
the
End

Now it's a beautiful day
The postman delivered a letter from your lover
Only a phone call away
You tried to track him down but somebody stole his
number
As a matter of fact
Youre getting used to life without him in your way

Its so easy love cos you got friends you can trust
Friends will be friends
When you're in need of love they give you care and
attention
Friends will be friends
When you're through with life and all hope is lost
Hold out your hands cos friends will be friends right till
the
End

Its so easy love cos you got friends you can trust
Friends will be friends
When you're in need of love they give you care and
attention

Friends will be friends
When you're through with life and all hope is lost
Hold out your hands cos friends will be friends right till
the
End

Friends will be friends
When you're in need of love they give you care and
attention
Friends will be friends
When you're through with life and all hope is lost
Hold out your hands cos right till the end-
Friends will be friends
