Friends Will Be Friends Will Be Friends . . .

Written by John Deacon, Freddie Mercury

Friends will be friends

Friends will be friends

Friends will be friends

Friends will be friends

Friends will be friends

Another red letter day

So the pound has dropped and the children are
creating

The other half ran away

Taking all the cash and leaving you with the lumber

Got a pain in the chest

Doctors on strike what you need is a rest

It's not easy love, but you've got friends you can trust

Friends will be friends

When you're in need of love they give you care and
attention

Friends will be friends

When you're through with life and all hope is lost

Hold out your hand 'cos friends will be friends - right till
the end

Now it's a beautiful day

The postman delivered a letter from your lover

Only a 'phone call away

You tried to track him down but somebody stole his
number

As a matter of fact

You're getting used to life without him in your way

It's so easy now, 'cos you got friends you can trust

Friends will be friends

When you're in need of love they give you care and
attention

Friends will be friends

When you're through with life and all hope is lost

Hold out your hand 'cos friends will be friends - right till
the end

It's so easy now, 'cos you got friends you can trust

Friends will be friends

When you're in need of love they give you care and
attention

Friends will be friends

When you're through with life and all hope is lost
Hold out your hand 'cos right till the end - friends will
be friends
Yeah yeah
