All eyes were staring you floated through the room  
Armed with your razor smile cutting to the bone  
My voice fell useless you flashed a quick "Hello"  
Feeling the fool, could you tell it showed?  
But that was "sometime ago"  
A memory vague and fading slow, of somewhere I'd  
been

HAND ON HEART

A promise, a word, and a voice

HAND ON HEART

A rhythm of hope and choice will keep us together

I don't know if I can reach that high  
It's a long way to fall  
Hauntingly holding my fate with a gaze  
Like a child mesmerized by the candle's flame  
Oh what lies behind those eyes  
I could only guess  
That certain way you stood apart from rest  
Now where is "sotime ago?"  
Whene everything moved in slow-mo-tion  
Caught by my watering eye

HAND ON HEART

A Promise, a word and a voice

HAND ON HEART

Promising I'll never go

HAND ON HEART

For reasons you'll never know, together through thick  
and thin,

Lose or win, I'll be there for you

Strange how the mind changes time and time again  
Thins once important now pale in comparison

HAND ON HEART

A promise, a word, and a voice

HAND ON HEART

A rhythm of hope, and a vision of choice

HAND ON HEART

Promising I'll never go  
HAND ON HEART for reasons you'll never know  
I promise girl, hand on heart
