Erase the past
I burn my home
Kiss your passport
Hotel aftershow
So now i'm really in a fucking mess
I got one suitcase but no address
Nothing, nowhere, no one
Nothing, nowhere, no one
No one...
Gravity has changed her fucking mind
I'm lost hotel in space and time
So book me in for your last show
Its inconsequential, nowhere to go
Nothing, nowhere, no one, oh..
Nothing, nowhere, no one
No one...
Nothing! nowhere! no one!
Nothing! nowhere! no one!
Nothing! nowhere! no one!
Nothing! nowhere! no one!
