They were talking in whispers  
In bear skins and fur  
Captain Scott and his heroes to be  
To have laboured so long  
To have made it this far  
Ooh it's been such a long ride  
Ooh you know it's been along way  
For a human human human  
For a human body you see  
Can you believe it happens?  
Now it happens here  
Do you believe do you believe or really care?  
Can you believe it happens?  
Now it happens here  
To a human human  
With a human body you see

There ain't nobody gets out of this moonlight  
Today is surisingly fair  
Oh oh oh oh woo woo

We've got problems the Lone Ranger can't fix  
The invisible man couldn't see  
It takes a tough guy  
To learn some new tricks  
Ooh it takes such a long ride  
Ooh it's been such a long way  
For a human human human  
For a human body you see  
Can you believe it happens?  
Now it happens here  
To a human human  
To a human body you see

You know it's been such a long while  
It's been such a long while  
Takes such a long time  
It takes such a long time  
It's been such a long way  
Such along time  
It's been such a long while

Been such a long way  
Yeah yeah yeah yeah yeah yeah!  
It's gonna be a long ride
